ABOUT ME

Rachelle established the lifestyle, beauty blog, 'Rachyreviews' at the beginning of 2017 following her successful social media platforms (Instagram, Twitter & Facebook). Where she posted the majority of her content. Since then her audience has grown significantly allowing her to continue doing what she LOVES. With that said, she decided to branch out and further document her latest thoughts, opinions, and reviews in the form of a blog in order to cater to her audience. As this not only allows her to be creative with her writing but also more informative and valuable to her readers.
